Miss Sandra Workinger

Miss Caducean

The times were not always easy but you persevered because of your love for people. Your vigilant care was appreciated by your patients and you always had time to listen. # DEDICATION

Mrs. Martha Bantz

During the past three years, we have looked for little favors. We have come to you in times of need because we knew you cared and you meant so much to us. You have helped us without asking for thanks or reward. You have been there as a friend to listen with understanding and patience. Your smile and sense of humor will always be remembered. You have done so many things to gain our love and respect in your three years here. We are eternally "your girls", how can we not help but honor you —  
Mrs. Martha Bantz

Miss Barbara C. Mertes, R.N.

## APPRECIATION

In the last three years you have spent much time in guiding us towards our goal. You have always found time to listen and answer our questions. And even though we seemed to bring to you endless problems, you never refused us. Your dedication to nursing, to the school, and to us has inspired our deepest respect. For these reasons we wish to extend to you our sincere appreciation —

Miss Barbara C. Mertes

## RECOGNITION

Mrs. Mary Franz, R.N.

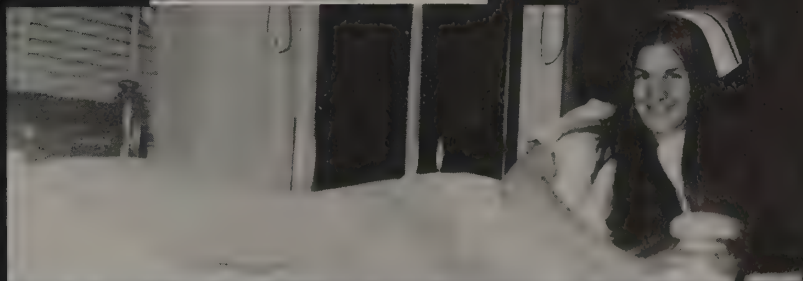

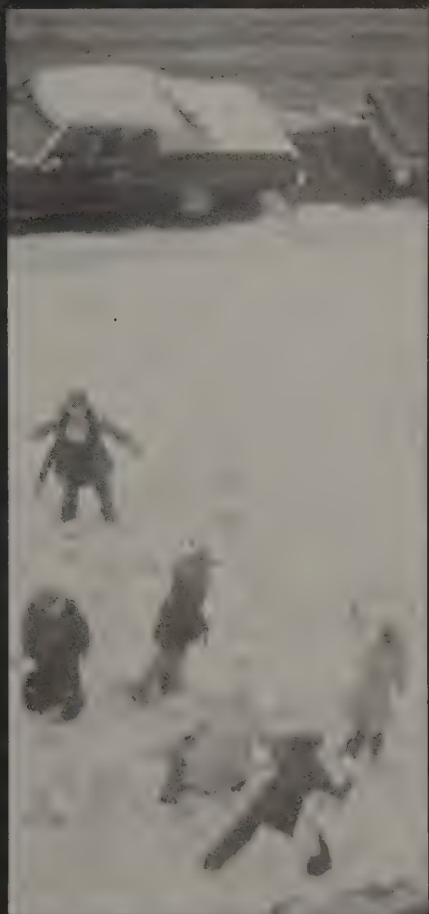

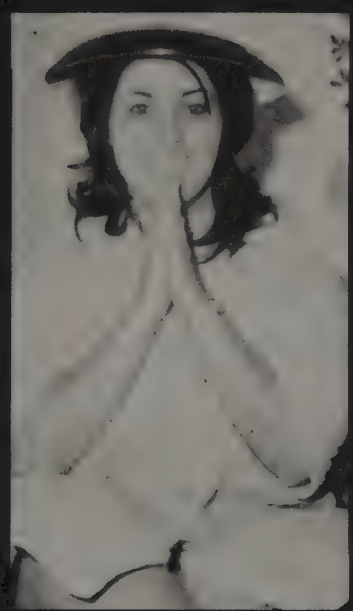

When we look back on the last three years we will remember you as the one who went through the bad as well as the good times with us. We will never forget your way of making all our troubles seem less troublesome. For these reasons we wish to honor you — Mrs. Mary Franz.

Mrs. Lynn Leon, R.N.

## CLASS OF 1974

June 7, 1974 — a milestone in the lives of twenty-nine individuals. This day for which we have all been waiting, will soon be past, but the memories of our three years spent, shall be a constant remembrance of what we were as frightened freshman, and what we now have become. Nursing has involved our whole being. And though laughingly, we may feel that at times it was not worth it, we know that now we are more than ever aware of our own feelings, thoughts and motives for being who we are. Nursing is our way of expression, that of love, caring and concern. In fact, our way of life. And in these three years the in-

valuable experiences we have shared have, in part, brought new life to us and death to that part of us we wish to forget.

The good times were many, the nights were long, our dreams were mountains, our aspirations endless. But we have come to understand what we first said three years ago, "Don't look back in anger, nor forward in fear, but around in awareness."

Now, as we move from one life style to another we will always reflect upon the good things, and yes, these past few years have made us so very happy.

"Hello, Is this the speech therapist?"

We do not come  
to believe in ourselves

something is valuable,  
Worth listening to,  
Worthy of our trust,  
Sacred to our touch.

McMahon Campbell

Here comes Mrs. Ahlstrom!"

"Oh No!"

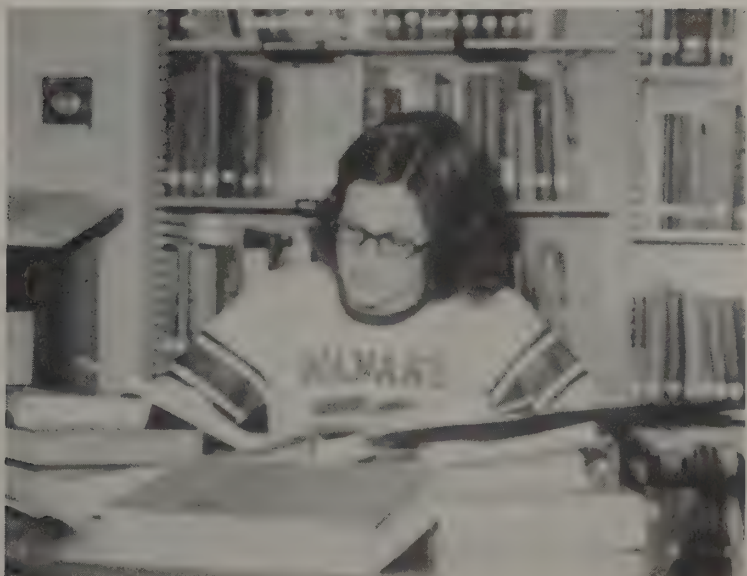

Today is not yesterday:  
We ourselves change;  
How can our Works and Thoughts,  
if they are always to be the fittest,  
continue always the same?  
Change indeed is painful yet ever needful;  
and if memory has its force and worth,  
So also has Hope.

#### The Ideal Life

The Ideal Life is in my blood and never  
will be still.  
Sad will be the day for any man when he  
becomes contented with the thoughts he  
is  
thinking and the deeds he is doing, —  
where  
there is not forever beating at the doors of  
his soul some great desire to do

Live Each Day To The Fullest

Live each day to the fullest.

The Simple Things

I would not be too wise — so very wise

And let the glare of wisdom blind my eyes

In service for my fellow men.

Better Shared

No Better Friend

Because you always greeted us  
With a kindly word and smile,  
And in a dozen different ways  
You have made our lives worthwhile.  
You comforted us whenever  
We had any fears to hide,  
And when our hearts were sad we knew  
That you were at our side.  
We looked to you for counsel  
And the courage that we needed,  
As well as inspiration for  
Our everyday daily needs.  
And all thz stars are silver bright  
When night is young and new,  
Because we knew in everything  
We could depend on you.

## Class of 1975

Through the many months we have spent together, we have become more like sisters than classmates. We have helped each other through the "trials and tribulations" of being a student nurse from that first day in O.R. to telling the expectant Dad, "It's a boy!"

Soon we will receive our black bands signifying we will graduate in one short year. We still have much to learn in this short amount of time, and still more in every day of our career.

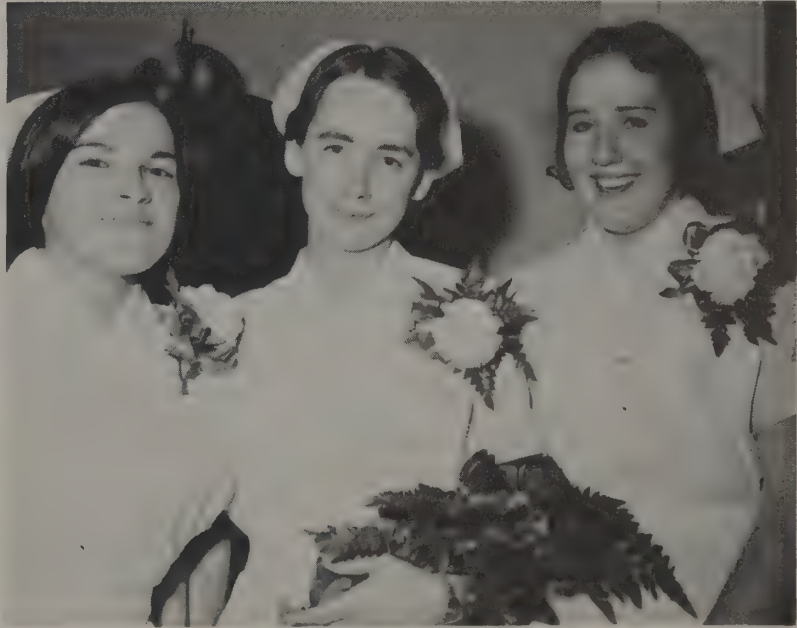

Row 1 — D. Clair, Lota Paisley, M. Wonsick, J. Luther, Historian; K. Moff, Secretary; M. Fletcher, President; D. Mottice, M. Krempel, C. Mishler. Row 2 — C. Crowgey, C. Callahan, G. Pederson, C. Clark, J. Roberts, T. McKee, G. Weaver, V. Helms, G. Warren, S. Myers. Row 3 — Y. Hissong, T. Harr, J. Archinal, A. Ludwig, S. Griffith, M. Dragomir, M. Davis, V. Hannon, S. Riffle.

## Miss Student Nurse

One highlight of each year is the Miss Student Nurse Contest. This year, although many were qualified, the most deserving girl won-Geneva Weaver. Geneva has done an excellent job academically and also has the very necessary love for life and people. She went on to the Stark-Tusc Contest and represented Massillon very well — we were proud of you, Geneva.

Runner-up Miss Mary Ann Krempel, Miss Geneva Weaver, and Runner-up Miss Theresa Harr.

# FRESHMEN

## Class of 1976

We, the class of 1976 would like to reminisce some of our times together in this — our freshman year. On September 10th, 1973 we not only entered Massillon City Hospital School of Nursing — but also a new phase of our lives — and started building on a dream. Our life style was changed from home life to dorm life and here we began developing lasting friendships. Our high school days were gone — and replaced by classes at Kent State University. Many hours were

spent in the classroom learning, growing, and striving for our first main milestone — capping. We worked mornings in the hospital and began to utilize the talent we've so long possessed toward our patient care — the gift of love. As our dream reaches nearer to reality and we begin our junior year, we will confront new challenges, new joys, and new problems. And together, as the class of 1976, we will grow in knowledge and character to become registered nurses.

Row 1 — S. Studer, B. Stimmel, P. Whitehouse, L. Wiggins, V. Richter, D. Wartluft, Treas., A. Goodnight, Pres., P. Patterson, Historian, M. Wise, V. Pres., L. Kandel, Sec., K. Corban. Row 2 — J. Hemmen, L. Dessecker, K. George, L. Johnstone, B. Wright, A. Spittler, P. Walpole, P. Gutheridge, B. Pollock, G. Burkhead, D. Tegtmeier. Row 3 — D. Johnston, D. Pravlik, K. Walsh, D. Moser, M. Spurrier, P. Price, L. Eller, D. Roach, S. Chanak, C. Grimes, C. Renicker.

"Spirit of 76!"

"Miss Spittler! Did you check the bedside stand?"

"Open the door! Let the seniors in."

"Have a little Christmas cheer!"

If you have learned to walk  
A little more sure-footedly than I,  
Be patient with my stumbling then  
And know that only as I do my best and try  
May I attain the goal  
For which we both are striving

If through experience, your soul  
Has gained heights which I  
As yet in dim-lit vision see,  
Hold out your hand and point the way,  
Lest from it's straightness I should stray,  
And walk a mile with me.

# AFFILIATIONS

## Maternity

There were many things to learn about obstetrical nursing. We also gained better insight into marriage and family life; and became aware of community facilities. We remember . . . O.B.-Gyn. clinic . . . baby bath demonstrations . . . deliveries at 3:00 am . . . seeing a birth for the first time.

"Stanforth and Barr never had it so good."

"You know, I think that birth control program really is working."

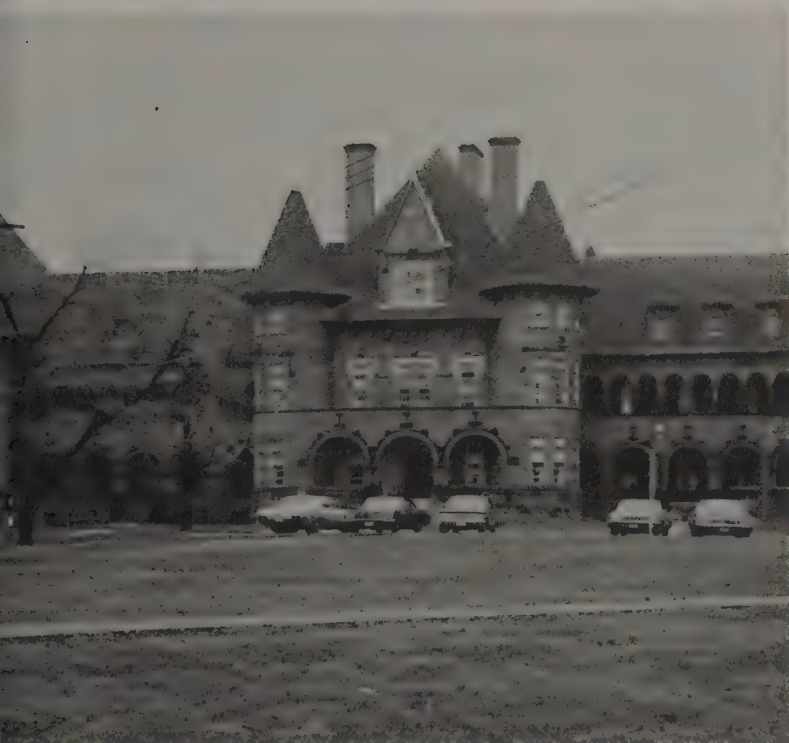

"Hey nurse, the line is busy . . . we'd better send him a telegram."

Going upstairs in the hall building.

"One hand reaching out to help another."

The Receiving Building.

## Psychiatric Nursing

While at Massillon State Hospital for three months, we experienced one-to-one relationships, gained knowledge about the behavior of others and of ourselves. We remember — the coffee breaks at the commissary . . . RT sessions . . . baseball games . . . good food . . . dancing at the crisis unit . . . and touring the Geriatric Center.

## Highland View

We learned so much about rehabilitation during our four short weeks at Highland View Hospital. Where did our time go? We remember . . . long walks to anywhere . . . the tunnel when it rained . . . transfer techniques . . . 40 degrees in July . . . the externs . . . research projects and logs.

"We do need to relax once in a while, you know."

Mrs. Cameron, Assistant Director; Miss Hammes, Director, Nursing Education.

"These transfer techniques are really exhausting sometimes."

"I just know I'm going to have to change his diaper!"

Children's Hospital of Akron

"I'd sign your cast, but my pen just ran out of ink."

## Pediatrics

At Akron Children's Hospital we all learned the meaning of real patience, understanding, and communication with children. Along with caring for babies and children from ages one to eighteen, we took on more responsibilities than ever. We remember . . . roommates . . . kiddie crud . . . "rug rats" . . . Buratrols . . . the night we all went to Parasson's restaurant.

# ADMINISTRATION

### DON'T LOOK BACK — DO LOOK BACK

The first three words are taken from the motto of the Class of 1974. "Don't Look Back," three simple words, easy to say, but most difficult not to do. All of us regardless of who we might be are guilty of this time consuming mistake. What do we see when we do look back? Do we see our friends happily engaged in lesiure activities while we plan for the next lesson assignment or make out the care cards for the new patients? To look back has a depressing quality to it, but yet contradictory, a certain rewarding quality.

To look back is to see, to know many of those earlier high school friends stop their education efforts and were satisfied with just a high school diploma. Yet, a constant reminder is necessary that our aim was on a higher goal. The goal of a life long career. A career that no matter what, the knowledge and the education received is embedded in the mind to use again throughout the span of our life. To look back is to realize that a decision had been made three years ago to make an effort to be something worthwhile, to help others. Look back, and congratulate yourself for your choice in careers, your ambition, and the opportunity that is waiting for you.

## In Memorium

Many patients came to them for help, and they were always there. General Practitioner, surgeon, dentist, and Doctor of Internal Medicine, all served our community in many ways. We have known them as friends as well as doctors. And when we think of them, we will remember their kindness, concern, and understanding.

Dr. Albert P. Gardner

Dr. Howard S. Myers

## In Memorium

Our community will greatly feel the loss of these four men who were dedicated doctors and devoted husbands and fathers. We have known years of their service and have come to rely upon them. Because of their dedicated service and because they cared so much, we set aside these pages in memory of them.

Dr. Kenworthy M. Hoge

A time comes when tragedies befall us many in a row. Again, we remember a doctor who worked many hard, fulfilling years and has come to rest, now. Gladly did he serve his community, and patients, and happily did he care for his family. For these and many other reasons we remember Dr. Kenworthy Hoge.

## Class Song

### Sometimes

Sometimes,  
not often enough,  
We reflect upon the good things.  
And our thoughts always center around  
those we love,  
And I think about those people,  
who mean so much to me,  
And for so many years  
have made me,  
so very happy.  
And I count the times I have forgotten  
to say — Thank You  
And just how much I love them.

## Class Motto

Don't look back in anger,  
nor forward in fear,  
but around in awareness.
